THE BULLETIN. BY TELEGRAPH

Reported especially for the Cairo Bulletin. Ten hours in advance of St. Louis papers.

NEW YORK.

THE LATE TERRIFIC STORM.

GREAT DESTRUCTION OF PROPERTY.

THE EVANGELICAL ALLIANCE.

FALL OF AN OVERLOADED BRIDGE.

TWO HUNDRED PEOPLE PRECIPITATED INTO THE WATER.

GRAND DUKE ALEXIS PREPARING FOR HIS VISIT TO AMERICA.

EX-SECRETARY SEWARD AT CONSTANTINOPLE.

New-York, July 26.—Reports of the very destructive hail storm, which passed last week over portions of Sullivan county in this state and Wayne and Pike counties in Pennsylvania, are just coming in. In Sullivan county, the towns of Mowkatatin, Thompson, Forrest, Burgent and Bethal suffered severely by the storm, which was accompanied with terrific thunder and lightning and very high wind.

THUNDER BLOWN DOWN.—growing crops cut to the earth and two or three barns struck by lightning. A considerable amount of wheat and corn crop was totally destroyed. The corn crop has been seriously affected and as the drought of early summer rendered the farmers of the country are anything but cheering. It is even considered doubtful whether half the stock of the country can be wintered.

IN WAYNE COUNTY, PA.—the storm was very violent, the ground in many places being covered from one to two inches deep with hail stones. In Damascus county the oats and buckwheat was seriously injured. Some fields of corn were totally destroyed. Hail stones which were of an extraordinary size demolished windows, fruit and gardens, as well as crops. Three barns were

STUCK BY LIGHTNING.—all of them having just been filled with new grain and hay. Some estimate their damages at \$1,500 to \$2,000. Two bridges were also blown down in the northern part of the county.

SEVERE HAILING.—In Sussex county, New Jersey, the storm seems to have been very destructive. In the vicinity of Aldrin halts for an immense quantity of grain and the ground several inches deep after the storm had ceased, making sleigh riding possible. From Freedom to Anderson the hail-storm made a complete sweep, cutting corn and oats to pieces, corn being entirely stripped of leaves. Fruits and gardens received lasting injuries, and the damage done to farmers is very great. Jason Wickham's barn, near Calville, was struck by lightning and entirely destroyed. The loss is \$4,500, independent of contents.

The scene on the track of the storm after the storm had passed was fearful. Fences were down, fields of grain, riddled with hail, and branches torn from the trees, and debris of all kinds formed a discouraging sight.

To the farmers along the Erie railway, north of Narrowsburg, the storm did great damage to property of all kinds. A special cable dispatch states that the American commission from the evangelical alliance had several interviews with Prince Gortschakoff, who has treated them with marked courtesy and distinction. Although offered sumptuous quarters at the Peterhof by the express command of the emperor, the members of the delegation continue to occupy apartments at the hotel, where they are constantly visited by distinguished christians. They speak very encouragingly of the prospects for the accomplishment of their mission, and allude to Gortschakoff's cordial reception as an encouraging success.

The commissioners were accorded audience with his Imperial Majesty to take place some time next week. The Lutheran magnates who are now in St. Petersburg, place strong hopes on the influence which the commissioners will be able to exert in behalf of their faith at the coming interview with the Emperor Alexander. On the other hand those intimates at court affirm that the Evangelical alliance will be told that the statements in regard to the persecution of Lutherans in the Baltic provinces have been evidently greatly exaggerated, but that the Imperial government will order a thorough investigation to be made in order to demonstrate their assertions. American gentlemen will then be referred to Prince Gortschakoff, and finally crushed with kindness from the Imperial palace.

On Monday the czar was at the Castle of Ingelheim in Hesse, where he was visited by the Emperor Alexander, who was accompanied by his two sons, the grand duke of Oldenburg, and his youngest son, grand duke of Vladimir, who lately arrived from England. Great preparations are being made in Slavinsk, in Caucasia, and Tiflis, in Georgia, for the czar's reception.

is at Constantinople completely absorbed in equipping his squadron for a voyage to America. The fleet will be by far the largest ever left European waters. The fleet will sail Wednesday, August 13th, for New-York.

FALL OF A BRIDGE.—Considerable excitement was occasioned in Hoboken yesterday afternoon by the breaking of an overcrossed bridge leading to the bath. About two hundred persons were precipitated into the water,

but fortunately all were rescued. The crowd were witnessing a boat race.

The Italian association in this city, named Fraternita Nazionale, have resolved to celebrate the Italian unity and removal of the capital of Italy from Florence to Rome. It was unanimously agreed however, that there shall be no procession in the streets.

A letter from Alexandria, Egypt, states that ex-Secretary Seward passed through that city recently on his way to Constantinople. While in Alexandria he was the guest of Khedive, and recipient of ostentatious attention. It is thought that he and his party will at once set out on their home journey.

WASHINGTON.

CABINET OFFICERS AT THE CAPITAL.

NATIONAL BANK REPORT.

TOBACCO STATISTICS, WEATHER REPORTS, ETC.

AT THE CAPITAL.

WASHINGTON, D. C., July 27.—Secretary Boutwell, Delano and B. Nap and Attorney General Sherman are now in the city. Secretaries Fish and Robeson and Postmaster General Creswell are expected in a day or two.

The records of the internal revenue office show \$6,178,900 pounds of tobacco and 7,318,000 cigars upon which tax was paid during the year.

According to the census returns, 38,000,000, the above would give each person two and a quarter pounds of tobacco, and thirty-five cigars during the year ending June 30.

NATIONAL BANK REPORTS.—There are about seventeen hundred national banks, all of which are directed by law to send in reports of their dividends and earnings semi-annually, and notwithstanding that blanks are furnished on which to make out their statements, fifteen per cent of them are gotten up erroneously. In many instances, clerks of banks in leading cities have transmitted to the department statements stating that the net earnings at the disposal of their banks amounted to thousands of dollars, while their dividends exceed \$25,000. This is only one example in many instances of similar errors.

WEATHER REPORT.—WASHINGTON, July 27.—The barometer still remains highest on the South Atlantic, diminishing as it proceeds towards the area of low pressure clouds north of New York and west of Florida. An area of low pressure clouds is advancing over Lake Superior southward. The temperature has risen along the Atlantic coast and in the Ohio valley, but has fallen on Lakes Ontario, Michigan and Superior. Southwesterly winds prevail from Tennessee to New England veering to the south and southeast along the Atlantic coast. Fresh and brisk northerly winds reported from Lake Michigan northward and westward. Rain has fallen since Wednesday at most stations from New England to Missouri. Clear weather prevails on the upper lakes.

PROBABILITIES.—are that storms of some severity are advancing eastward toward Illinois with brisk winds on southern Lake Michigan. Rising barometer with northerly winds will probably continue on Lakes Superior and Michigan. Light and variable, but probably cloudy and warm weather will probably prevail on the gulf coast on Friday.

CLEVELAND.

MEETING OF THE STOCKHOLDERS OF THE L. S. & M. S. R. R.

CLEVELAND, July 27.—At a meeting of the stockholders of the Lake Shore and Michigan Southern railroad to decide upon the question of issuing the fifteen million dollars of the capital stock hitherto unissued, was held at the office of the company in this city to-day. Hon. H. F. Clark, president of the company, presided, and Gen. E. B. Ely was chosen secretary.

The result of the vote is shown by the following report of the inspectors: We, the undersigned inspectors, do testify that at a regular meeting of the stockholders of the Lake Shore and Michigan Southern railroad company, held at the office of the company in the city of Cleveland, in the state of Ohio, on the 27th day of July, 1871, called for the purpose of voting on the question of authorizing the issue of the fifteen million dollars of the capital stock of the Lake Shore and Michigan Southern railroad remaining unissued, of which meeting and the action thereon, thirty days notice has been given in one newspaper published in each of the cities of New-York, Buffalo, Erie, Cleveland and Chicago, two hundred and thirty-eight thousand one hundred and forty-eight one-half shares of the capital stock of the company were voted upon by the holders thereof, in person or by proxy in writing, against the authorization of such issue. We, therefore, declare that two-thirds of the stockholders of said company, voting at such regular meeting, more than two-thirds of all the stock of the company voted in favor of the authorization of the issue of the fifteen million dollars of the Lake Shore and Michigan Southern railroad company remaining unissued.

Signed, HENRY E. PARSONS, W. E. CLARK, E. C. SHERIDAN, Inspectors.

Cleveland, Ohio, July 27, 1871.
ARRESTED FOR EMBEZZLEMENT.
John Foyle, postmaster at Cadiz, Ohio, was brought to this city to-day by United States Marshal, George W. Steel, at the instance of F. C. Baldwin, special agent of the post office department, charged with embezzling the money order fund from the amount of \$1000 to \$1500. Upon examination before United States commissioner White he was held to bail in the sum of \$2,000, to answer at the October term of the United States District court.

TROY.

BASE BALL—GAME FOR THE CHAMPIONSHIP.

TROY, N. Y., June 27.—The Haymaker Olympic game for the championship on a ball on the seventh inning by a thunder shower, each club having scored three. Another game is to be played at Brooklyn to-morrow.

ST. LOUIS.

THE WAR WITH THE INDIANS.

SEVEN WHITE MEN KILLED AND SIX CAPTURED.

THEIR TONGUES CUT OUT—BURNED AT THE STAKE.

WHITE MEN AND INDIANS COLLUDING.

THE INDIAN WAR.

St. Louis, July 27.—The St. Joseph (Mo.) Gazette, of a late date, learns from William Mackmore, the particulars of the capture of a train belonging to J. C. D. Blackburn, a government contractor, by Indians, about thirty miles from Fort Smith, on June 25th, a brief account of which has been previously reported.

THE TRAIN consisted of fourteen wagons, with fourteen men attached. On the day men oned, while the train was crossing a small stream, about two hundred Indians dashed out of the woods, on both sides of the stream, and shot and killed seven of the party on the spot, and wounded 17 others, who were tomahawked and scalped, and the remainder of the party were severely bound and taken away by the Indians. On the next day one of the party attempted to escape and was

KILLED. On the following evening two of the remainder—Jack Jones and Thomas Hayward—were

BURNED AT THE STAKE by slow torture, their tongues being first cut out to prevent their screaming, and their ears cut off. The entire band of Indians then

FORMED A CIRCLE around their victims and indulged in various modes of tormenting them. Mackmore, Brown and Jackson, the remaining prisoners, were brought forward and compelled to witness the spectacle. Jones died quick, but Hayward lingered for half an hour in the greatest agony.

On the night of July 28th, after a heavy storm, the Indians having indulged freely in whisky, Mackmore, Brown and Jackson loosened their bonds and escaped, and after travelling two miles separated for safety, each starting for Fort Riley, Kas., which place they all reached safely, but very much exhausted with much loss of property. Mackmore says nearly one-fourth of the party of Cheyennes was

COMPOSED OF WHITE MEN, and many of the Indians themselves spoke good English.

Among them was a man named Stanley, from Eastern Texas, who said he had

KILLED THIRTEEN MEN and intended to kill five times as many more. The whites dressed like the Indians and were

FULLY AS BARBAROUS, and as such to enjoy the terrible torture of being roasted on a spit, as the Indians. This band of Indians is said to have

TWO WHITE WOMEN captive with them—Mrs. Bowman, aged 35 years and Miss Emma Boyce, about 18, both captured in Texas. They were treated tolerably well. The Cheyennes were well mounted and well armed, and were a part of the same band who fought the 7th cavalry on the 27th ult., at Fort Wallace.

CINCINNATI.

THE SUNDAY LAW QUESTION.

PROPOSED UNION DEPOT.

TENNESSEE PRESS ASSOCIATION.

CINCINNATI, July 27.—The Evangelical ministers of this city held a large meeting this afternoon, when was also attended by a number of laymen, to consider the action against the proposed repeal of the Sunday laws. A committee, consisting of representatives of nearly all the Evangelical churches in the city, was appointed to draw up resolutions and report hereafter. It was determined to hold a mass meeting at Pike's opera-house next Monday evening.

There has been considerable talk lately in railroad circles of a Union depot here, and though there is no report of action among the representatives of the various roads, there are some high railroad officials who earnestly support it. The board of trade to-day appointed a committee to consult with railroad men and offer aid to the fullest practicable extent. The board of trade also appointed a committee to prepare a proper welcome for the Tennessee Press Association expected here on the 12th proximo.

There was a very heavy rain of short duration at 8 o'clock to-night.

LOUISVILLE.

SALE OF THE JEFFERSONVILLE AND INDIANAPOLIS R. R.

LOUISVILLE, July 27.—The lease for 99 years of the Jeffersonville, Madison and Indianapolis railroad to the Pennsylvania Central having fallen through, the officers and directors of the Jeffersonville railroad have been negotiating for the sale of their road for stock in the Ohio river bridge. It is understood that the arrangements are so far completed that the road will pass into the hands of the Pennsylvania Central corporation at an early day.

NASHVILLE.

CONVENTION OF AGRICULTURALISTS.

THE TENNESSEE STATE FAIR.

FOREIGN.

THE FAMINE IN PERSIA.

COMPELLED TO GUARD THE CEMETERIES.

DUEL—ARREST OF COMMUNISTS.

ENGLAND.

LONDON, July 27.—In the house of commons, this evening, Gladstone handed to the speaker a royal message, trying that provision be made for Prince Arthur. On the speaker apprising Mr. Gladstone that the message was addressed to the house of lords, there was much derisive laughter from the opposite benches.

LOSANOS, July 27.—A despatch from the east, says the accounts from Persia are in no way exaggerated. In addition to the famine, the cholera, typhus fever, and the plague are making terrible ravages. The reports of cannibalism are confirmed. The governor of Phieroz was compelled to place a guard at each of the cemeteries to prevent the unfortunate and starving people from disentering the bodies of the dead for use as food.

The attaches of the British embassy and telegraphers have all fled the country.

ROME, July 27.—The pope, in reply to an address of the Roman academy, remonstrating against doctrines which are antagonistic to the spirit of modern times, declares his intention on the part of the papacy to lay claim to inherent power to dispose of sovereigns, or to assume direct control over the worldly affairs of nations. In ancient times, says his holiness, christian nations revered the pope as an arbitrator between sovereigns and the people in cases of disagreement, and great service had been rendered by papacy by preventing war and healing up divisions among the nations of the world.

FRANCE.

PARIS, July 27.—A duel has been fought between Senator Delpied and Col. Middleton, the latter an Englishman, who had written letters to the press insulting Garibaldi. Middleton was wounded. Fresh arrests of Communists were made yesterday.

TURKEY.

CONSTANTINOPLE, July 26.—A large force of Turkish troops have gone to Albania, port, fearing a rising there in connection with the Monte Negrins.

SAN FRANCISCO.

THE ALASKA SEAL ISLAND DUTY.

THE MINERS' STRIKE.

SAN FRANCISCO, July 27.—The Buckeye shaft in one of the Amador county mines, was set on fire by the miners' league men, and extensive damage is anticipated. The Kentucky mine, on Sutter creek, suspended work for the want of water.

The strikers are threatening vengeance on the owners and officers, and more trouble is feared.

It is estimated that the government income from Alaska Seal Island duty will be greatly curtailed from the fact that no Seal oil is being saved.

The contract binds the lessee to pay the government 62½ cents per gallon for oil taken, but don't bind them to take any oil, and as oil is worth only 37½ cents in San Francisco, the carcasses are being allowed to rot after the oil is stripped off.

CHICAGO.

GOV. OGLESBY DECLINES BEING A CANDIDATE.

ZEIGENMYER, THE MURDERER, SENTENCED.

DAMAGE BY THE STORM.

CHICAGO, July 27.—Zeigenmyer was sentenced to the penitentiary to-day, from the 1st of January to the 1st of June, each year, to be spent in solitary confinement.

The hailstorm yesterday afternoon did more damage than was at first calculated. It is now figured that the value of the window glass broken was at least \$8,000.

OGLESBY DECLINES.

Gov. Oglesby, in a letter published to-day, peremptorily declines being a candidate for the republican nomination of congressman-at-large in Illinois this fall.

NEW ORLEANS.

THE FIRST BALE OF NEW COTTON.

NEW ORLEANS, July 27.—The first bale of new cotton from Texas was received for shipment Austin to-day, and weighed nearly 600 pounds. It was raised on Guadalupe river, and shipped by A. Galummas, and consigned to Frank & Daniels of this city.

EX-RECORDED TUNOAT, recently removed by the city council, has been appointed deputy United States marshal.

LITTLE ROCK.

A ROW IN THE RADICAL CAMP.

OPPOSITION TO CLAYTON.

LOCKPORT, N. Y.

TEACHERS' STATE CONVENTION.

LOCKPORT, N. Y., July 27.—The state teachers' convention to-day elected J. H. House, principal of the state normal school, to be the state normal school, and Prof. Jas. Crankshaw, of Broeklyn, and H. R. Sanford, of Fredonia, secretaries, and adjourned to meet at Saratoga July 17, 1872.

A grand excursion to the Niagara falls takes place to-morrow.
